

All Purpose

The **All Purpose** Bar is the revival of the original 16th century recipe. Back then they had one soap for everything: hands, body, hair, shaving, dishes,

countertops, tiles, bathtubs, sinks, and even clothes. The **All Purpose** Bar is made from 100% organic extra virgin olive oil, and clay for extra scrub. It's especially effective for deep cleaning.

Place one in your bathroom and one in your kitchen. It is a healthy solution for a post-recycling kitchen and bathroom with no plastic and all the clean!
